We believe that gifting is about making your customers & employees feel valued & appreciated, improving retention & loyalty, and getting the leads & repeat business you're looking for. Our mission is to help you achieve that.

EASY, FAST, AND ENJOYABLE GIFTING
We'll help you find or create the perfect gifts that will make everyone go WOW! And we can take care of everything for you: customization, packaging, shipping, and everything in between.

YOU'RE OUR #1 PRIORITY
We'll maintain our quick response time & high level of service so you're always up to date and can go back to what you do best. Every customer has a dedicated account manager that will be in charge of the entire process from order to delivery.

OUR MACARONS

Thanks to our premium, handpicked, and world-class ingredients we've maintained our reputation of having the best macarons outside of Paris. You can always expect the best from our high-quality French Valrhona chocolate for our ganaches, our pure pistachio paste, authentic Italian Nutella, and more!

OUR HAPPY CLIENTS

"We are OBSESSED with the boxes they have been shipping to our new coaching members! The process from the beginning has been so smooth and their communication is top-notch. I never feel like I have to follow up because they are on top of it! The presentation is beautiful and the macarons are delicious. So happy to have found them!

- Kelsey from Flight Media

I began working with Woops! earlier this year to create client gifts. I'm impressed with their quick & kind service. Their high-end packaging makes their product stand high above their competitors. Everyone we've sent these to has commented on what a lovely and delicious gift they are!

- Lauren from Perch Wealth"
